Warrior Dash: 2011

The fall semester started off with a new fundraiser for Detachment 592: the Warrior Dash. This “mud run” is an estimated three mile race through challenging and rugged terrain. Participation by almost 20 cadets raised \$1,000 for the detachment. Cadet volunteers both participated in the race and helped set up and take down equipment for the event. It proved to be a long, exhausting day, but many cadet volunteers could not stop talking about what a rewarding experience it had been. “It was satisfying to see how effectively we worked as a volunteer group” says Cadet Lauren Allen.

Remembering 9/11

September 11, 2001 was a difficult time for the entire nation, but for some it was a little bit closer to home. NYPD Police officer Michael Schoonmaker, reported to duty that day after returning from his honeymoon with no idea of the events that were about to unfold.

Schoonmaker and his fellow officers were some of the first people on the scene, and stayed throughout the entire search and rescue process.

During that time they were touched by outpouring of love and support from people all over the nation. Now retired, Schoonmaker has made it his mission to travel around the country and thank the very people that stood by him during our country’s greatest tragedy. On September 8th, Sgt Schoonmaker came during LLAB to tell his story and offer his thanks.
